

PICKED, LONG BEFORE I KNEW

I PICKED AMY LONG BEFORE I KNEW AMY

I've always been a die-hard capitalist and until recently was the Founder/CEO of a Silicon Valley startup. Yet over these last several decades, as I saw businessmen rising progressively further in politics, I felt great concern, even distress. First Ross Perot won a lot of votes. Then Mitt Romney won his party's nomination. And now Donald Trump is our President. How could this happen when business experience, where money solves every problem, is precisely the wrong kind of experience in politics, where money distorts every problem? Indeed, as each new presidential election cycle has begun, I've felt an ever-increasing responsibility to identify and support a highly electable and effective politician.

I PICKED AMY LONG BEFORE I KNEW AMY

During the last cycle, when I saw a con man chew up and spit out 15 Republican men to become his party's nominee, and then in the general election get 3 million fewer votes than a heavily maligned and mis-represented woman, I concluded that a woman could beat Trump IF the right woman came along.

I PICKED AMY LONG BEFORE I KNEW AMY

During these last few years, following the decades-old shift by corporations from mostly innovation to mostly extraction and exploitation, I watched a President take us to a new realm, well beyond privately exploiting loopholes to publicly trashing the laws themselves. I knew then that we'd need a leader who was skilled at not just passing new laws, but also enforcing existing ones.

I PICKED AMY LONG BEFORE I KNEW AMY

Now that I've discovered Amy and am privileged to work for her Campaign, I simply want to tell you 3 things that I believe deeply:

1. Amy is the BEST candidate to defeat Trump
2. Amy is among the MOST qualified candidates running for President
3. Amy will be Everyone's President (America's President, My President, Your President - AMY!)

SENATOR AMY KLOBUCHAR

Amy won all 3 of her Senate races in '06, '12 and '18 by MORE THAN 20 percentage points, in the great battleground state of MN that Democrats MUST carry in 2020

In particular, she won 42 counties in MN that Trump carried in 2016, and so will win back the critical areas Democrats lost to Trump in 2016

Amy has passed over 100 bills into law as the lead Democrat in the Senate, including more than 40 bills under the Trump administration.

Quite simply, Amy has been ranked the most effective Democratic U.S. Senator in the 115th Congress, based on 15 different metrics factored into a recent Vanderbilt University poll.

The first woman to be elected chief prosecutor of the largest county in Minnesota, and the first woman elected and twice re-elected by Minnesota to the United States Senate, NEEDS YOUR SUPPORT, YOUR FAMILY'S SUPPORT, YOUR NEIGHBORS SUPPORT, YOUR COMMUNITY'S SUPPORT, YOUR COUNTRY'S SUPPORT, to be the next President of the United States of America!
